

Charlotte Family Health Center
527 Ferry Road
POB 38
Charlotte, VT 05445

Dear Charlotte Family Health Patient,

We are writing to inform you of some exciting new changes at the Charlotte Family Health Center. Dr. Gieg, Dr. Regan, Elizabeth and the staff of the Health Center are pleased to announce that in October 2017 we will be joining with Evergreen Family Health of Williston. We do not anticipate any changes to the high quality medical care we provide or to your relationship with your current provider. We will continue to be available at Charlotte Health, and look forward to ongoing service to our patients and community for many years to come.

Dr. Regan and Dr. Gieg have felt privileged to be able to continue the standard of care that Dr. Bernstein and Dr. Weisman have provided for the past 30+ years. We also feel a strong sense of obligation to keep the tradition of a small independent clinic alive in the community of Charlotte. However, it has become increasingly burdensome to keep up with the administrative demands of electronic medical records and the required “paperwork”. By joining the Evergreen Family Health team, we will receive the assistance that enables us to focus more on our primary area of expertise: patient care and advocacy. Evergreen Family Health is also an independent physician practice, and we feel strongly that the unique character and strengths of our small practice will be preserved.

If you are on the **patient portal**, please be aware that the link to your portal will change. Your username and password will remain the same. We will update the portal link on our website, so if you have trouble accessing your patient portal, please use the link on our website.

If you would like to learn more about Evergreen Family Health, please view their website at www.evergreenhealth.org. If you have additional questions or feedback about this announcement, please feel free to e-mail us at cfhcoffice@gmail.com or speak to your provider at your next visit.

Thank you for your kind attention, and your patronage. We look forward to our continuing relationships.

Sincerely,

Dr. Gordon Gieg and Dr. Andrea Regan, MD
